STATEMENT FROM ANNE HOLBACH

I was involved in the financial aspect of the campaign only during the Exploratory Committee state. As soon as we had finance people, it was turned over to them.

Response to question #1

The only program I remember is the "Direct to." I would guess the time period was about March or April. I know nothing about the method of solicitation, it was done by the Senatorial Committee. Whether they communicated with contributors before or after, I don't know, that was the Senatorial Committee. I would have to look at the photocopies to know if they were contributor checks or not.

Response to question #1a

Anne Holbach
Ace Robinson
Jimmy Chachas
Maybe Glen Sanford, I'm not sure.

Response to question #1b

Dina Beaumont
Rod Smith

Response to question #2

I don't know.

Response to question #2a

I think they were contributor checks.

Response to question #3

I don't know.
